## IGLOO

WHAT'S YOUR STYLE? Sleek modern furniture, dark wood, east meets west, ethnic, the current fashion for updated baroque, or an eclectic mix of everything? Whatever your taste you'll find it as you stroll around the room settings in Cotterell Light Centres' new concept lifestyle store IGLOO.

Located in the west of Glasgow, opposite the West End retail park on Crow Road, IGLOO is the place to go to find great items for every room of the house. You can mix and match from an amazing selection; it's truly a one-stop-shop for furniture, unusual homewares, lighting, gift ideas and even jewellery.

IGLOO's philosophy is to supply a unique mix of affordable funky furniture and lighting you won't find elsewhere, sourced direct by Cotterell's and well known European designers and manufacturers such as Philippe Starck, Kartell, Kundalini and Flos. There's everything from great contemporary furniture, beds, sofas, dining tables, TV units, fashionable bar stools, supremely comfortable leather recliners, and a massive range of clear and black glass furniture, to hundreds of cushions, duvet sets, a wide selection of ceramics, including cookware from Spain, and an ever changing selection of one-off pieces of artwork, jewellery and magnificent sculptural mango wood root chairs and benches for the home or garden. You can even order bespoke glass sinks and splash backs made in a fabulous range of colours! All this plus a wonderful selection of the great lighting for which Cotterell's are renowned... And IGLOO is also offering an interior design service alongside Cotterell's established lighting design specification service.
